# Mission Statement

To provide Hope to students through a caring and supportive environment where students are challenged to achieve their fullest potential and cultivate values that build character to become responsible and productive members of society.

# Vision

Through a comprehensive core curriculum and the pursuit of cultural literacy, students will acquire the skills and critical knowledge expected of the 21st century learner in preparation for rigorous academic study.

# Value Statement

Through an environment of academic excellence that reflects honor, kindness, and scholarship, we intend to educate and promote an atmosphere that affords each student the self-determination and resources to contemplate and engage in experiences that expand their boundless capacity for academic and social growth. Heritage Academy believes in exposing children to great and noble ideas through resources that are rich in literary content, scientific inquiry, real-world problem solving mathematics, and the appreciation of learning history, art, music and poetry.

### Demographics Strengths

The campus staff is diverse and represents the diversity of the student body. The teachers are trained to analyze data and use the information to drive the focus of the lesson.. The staff has a strong commitment to academic excellence as well as the district's mission and vision.

### Problem Statements Identifying Demographics Needs

**Problem Statement 1:** Teachers lack understanding of Child Find policy and requirements for engaging protocols for timely referral of students suspected of having a disability.

**Root Cause:** Inconsistent understanding and implementation of early intervention and referral procedures for students suspected of having a disability.

# Student Learning

## Student Learning Summary

Heritage Academy of Windcrest uses MAP and DMAC assessment resources, Amplify, Study Island to gather information from STAAR and benchmark testing data throughout the year to monitor student progress. In addition, the campus reviews the Texas Academic Performance Reports for additional state, district, and campus comparisons. All administrators and teachers are expected to use MAP & DMAC to identify specific objectives indicated as improvement required areas in subject areas, grade levels, and individual student performance. Based on the 2021 - 2022 STAAR, measurable curriculum strengths are evident.

## Student Learning Strengths

The campus provides instructional technology resources and programs to improve student access to curriculum supports in effort to increase student achievement in reading, mathematics, writing, science, and social studies. Instructional technology programs continue to effectively support students in special programs (SPED, ESL, GT, & 504/Dyslexia) and accelerated instruction.

The MTSS Coordinator will ensure compliance with federal and state requirements of MTSS and to improve student achievement. In response to the 2021-2022 student achievement data, a Title I teacher and Academic Specialists in reading and math, as well as, a writing consultant have been added to provide services to the at-risk and academically struggling students. The MTSS Coordinator serves the campuses and is instrumental in ensuring that students in need of additional instructional and/or behavioural interventions are provided with sound interventions using weekly progress measures (i.e. Amplify/Study Island) with fidelity prior to determining if a referral to a special program such as dyslexia or special education is necessary and/or accelerated learning.

The campus provides technology support and continues training teachers and staff with computers and computer applications and increase wireless access and bandwidth where needed. Safety and security measures involving technology resources are also being considered for the 2022 - 2023 SY.

## Problem Statements Identifying Student Learning Needs

**Problem Statement 1 (Prioritized):** A high percentage of economically disadvantaged and At Risk students in grades 3-4 did not meet state standards. **Root Cause:** Economically disadvantage and At Risk students lack educational background experiences at home.

**Problem Statement 2 (Prioritized):** Foundational grade levels 1st-4th grade need training and support writing curriculum and instruction.. **Root Cause:** The absence of writing resources and viable professional development opportunities.

**Problem Statement 3 (Prioritized):** Empowering math teachers to breakdown data, develop PLCs, and design engaging math lessons. **Root Cause:** Math teachers need to increase proficiency in tracking student's academic performance.

**Problem Statement 4 (Prioritized):** Students identified as GT lack opportunity for real world experiences and application of project-based activities. **Root Cause:** Limitations of planned curriculum, community partnerships, and resources for field trip activities.

**Problem Statement 5:** Teachers experience difficulties with disruptive classroom behavior and IEP program specifics for students with exceptional needs. **Root Cause:** Teachers

and support staff require training regarding behavior strategies and approaches for developing and implementing behavior intervention plans for students with disabilities.

# School Processes & Programs

## School Processes & Programs Summary

The campus maintains academic, athletic, and enrichment programs for all students through engagement of parent, community, and professional resources. Technology applications are an integral part of the academic program that affords parents, students, and teachers to engage supplemental support in reading and mathematics.

## School Processes & Programs Strengths

Through systemic processes that support students identified as At-Risk, ESL, GT, SPED, CTE, 504/dyslexia, Migrant, as well as, homeless and foster care, the campus provides student supports, parent involvement opportunities, and professional development activities for teachers and staff. Program outcomes demonstrate a consistent increase in student progress and parent involvement as evidenced through state assessments, surveys, and social media feedback.

## Problem Statements Identifying School Processes & Programs Needs

**Problem Statement 1:** First year teachers require a consistent mentoring and teacher support program. **Root Cause:** Classroom management and best practices for student engagement is required for first year teachers.

**Problem Statement 2 (Prioritized):** Parent involvement activities for all students needs to be expanded. **Root Cause:** Parent involvement committees for students in special programs, including GT & CTE are recommended.

# Perceptions

## Perceptions Summary

Families that are new to the campus are given a welcome packet along with a campus tour to inform them of campus procedures and other information. Frequent communication in both English and Spanish occurs to keep families informed of school events. In addition to posting school events on Facebook and Instagram for our families and community. We offer many opportunities for our families and community to get involved in their student's education.

The following is a list of opportunities for our families and community to get involved in:

- Meet the Teacher Night
- Daily morning presentations
- Teacher/parent/student meetings
- Football events
- Basketball events
- Volleyball events
- Music events
- Track events
- Art events
- Scholastic Book Week
- Red Ribbon week
- Cultural Float Parade
- Autism week
- Pennies for Pasta
- Hoops for Heart
- Technology guidance for parents
- Award ceremony
- Fire Prevention week
- Athletic Award Banquet
- Kindergarten graduation

## Perceptions Strengths

- Parent communication in English, Spanish, and other languages as required
- Opportunities for parent involvement in school are frequent
- Well-trained and culturally responsive staff

## **Problem Statements Identifying Perceptions Needs**

**Problem Statement 1:** Administrators and teachers lack awareness training and access to sec. 504 policies and procedures regarding expectations/accountability for supporting students with 504/dyslexia disabilities. **Root Cause:** Inadequate training, communication, and dissemination of updated 504/dyslexia policies and procedures for administrators and teachers concerning students with section 504/dyslexia concerns.

# Priority Problem Statements

**Problem Statement 2:** Foundational grade levels 1st-4th grade need training and support writing curriculum and instruction..

**Root Cause 2:** The absence of writing resources and viable professional development opportunities.

**Problem Statement 2 Areas:** Student Learning

**Problem Statement 3:** A high percentage of economically disadvantaged and At Risk students in grades 3-4 did not meet state standards.

# Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

## **Improvement Planning Data**

- Planning and decision making committee(s) meeting data

## **Accountability Data**

- Texas Academic Performance Report (TAPR) data

## **Student Data: Assessments**

- STAAR released test questions
- Texas Primary Reading Inventory (TPRI), Tejas LEE, or other alternate early reading assessment results
- Student Success Initiative (SSI) data for Grades 5 and 8

## **Student Data: Behavior and Other Indicators**

- Attendance data
- Student surveys and/or other feedback

## **Employee Data**

- Staff surveys and/or other feedback

## **Parent/Community Data**

- Parent surveys and/or other feedback

## **Support Systems and Other Data**

- Communications data
- Study of best practices
